@amourencoton

You will be using:

- crochet chain stitch
- „x” single crochet
- double crochet
- slip stitch
- gathering knot

You will need:

- 6mm crochet hook
- sharp scissors
- about 80m of 3mm Braided Cord in Terracotta

Step 1

Let's start with 16 chain loops. Tutorial [here](#).

Start with 2nd loop and make 15 „x” single crochet stitches in each chain loop in botch sides.

Tutorial for „x” single crochet [here](#). (you may also use standard single crochet instead of „x”)

Step 2

Repeat making one „x” single crochet in each loop in 2nd round.

In round 3 make „x” single crochet in back loop.

In rounds 4-21 make one „x” single crochet in each loop.

Step 3

It's time to crochet handles!

Make 5 „x” single crochets, then make 6 chain loops, skip 6 stitches and make 9 „x” single crochets.

Again. Make 6 chain loops, skip 6 stitches and make 4 „x” single crochets to end the round.

Step 4

In the last round continue making „x” single crochet until you reach chain stitches.

Make one double crochet in each loop of chain (6 stitches).

Tutorial for double crochet [here](#).

Make the other side of the bag the same way.

Step 5

Let's make a strap!

Make one slip stitch on the side and then crochet 110 chains to make the shoulder strap.

Tutorial for the slip stitch [here](#).

You can adjust the number of chains according to your desired length. Then make a slip stitch on the other side of your bag.

Step 6

We almost finished! Let's make a macrame tassel!

You will need 20 x 20cm pieces of 3mm cord, a little piece with a knot and 1 x 40cm piece.

bobbiny

www.bobbiny.com

Step 7

Put one piece of cord and the 19 other pieces above it. Like in the picture.

Place the little piece with a knot on the top and use the bottom cord to make a tie.

Step 8

Take the 40cm cord and make a gathering knot to secure our tassel. Tutorial [here](#).

Step 1

Cut the ends to get the desired length and it's done!
Your macrame tassel is ready to go!

Congratulations!

Your Crochet Phone Bag is done!

Show it proudly on your social media using **#bobbiny** and **#bobbinypattern** so we can see your work!
