## Macrame Christmas decorations with cinnamon stick

To create a Christmas mini macrame, you will need a natural macramé cord 5mm and cinnamon sticks.

Your tools are:  
scissors, ruler, and comb.

For one mini macrame cut four pieces 60 cm long and one piece 20 cm long on the pendant.

Use lark's head knot when knotting cord on a cinnamon stick.

The type of knot used is a diagonal double half hitch macrame knot.

SKALA TRUDNOŚCI: The difficulty scale consists of five circular icons, each containing a stylized 'B' logo. The first icon is solid black, while the other four are white with black outlines.
